NEW THIBET TREATY.

Washington, September 26.—A conference will be held in the near future in Calcutta, at which it is hoped that the difference between China and England in regard to the treaty of the latter country with Thibet will be adjusted.

At this conference, which will have as its purpose the framing of a new treaty between England and China concerning Thibet, the Chinese Government will be represented by its Minister in London, Chang Tai Yen, while the English Viceroy probably will be the British representative. China never recognized the treaty Colonel Younghusband made with the Thibetan authorities, and protested against it as soon as the military expedition returned from Lhasa.
